# Ricoh Aficio MP 3500/MP 4500 Series

## MFP for the Value-driven Office

You need efficient, reliable office systems that put busy workgroups in control of an ever-increasing volume of documents—correspondence, financial reports, contracts and presentations.

Offering exceptional performance to meet these demands, the versatile RICOH® Aficio® MP 3500/MP 4500 digital systems support advanced network printing, scanning and faxing in one compact platform. And our industry-leading security technology protects your vital business information at every stage.

# FastFlexibleUnmatchedIntuitive

## Capture, Store and Distribute

For fast, convenient communication with colleagues, clients and customers, scan your documents to your desktop, network folder, e-mail or URL. For network-based information sharing and distribution, the TWAIN compliant Ricoh Aficio MP 3500/MP 4500 Series is ahead of the curve.

- Scan-to-Email—Easily search and send electronic documents for timely and accurate delivery with LDAP.
- Scan-to-Folder—Ideal way to archive and share large files with multiple clients.
- Support for common file formats (PDF, TIFF and JPEG) provides compatibility between varied operating systems and application software.

## Network Printing MFP for the Value-driven Office

The 466 MHz processor and 384 MB memory accelerate print performance, producing general-office documents with ease.

- For out-of-box network connectivity and fast data-transfer rates, the Ricoh Aficio MP 3500/MP 4500 Series is equipped with 10/100BaseTX Ethernet and USB 2.0 interfaces.
- You're in complete control of print output with Ricoh's innovative RPCS (Refined Printing Command Stream), PCL5e/6 and optional Adobe® PostScript® 3™ page description languages.
- Full compatibility with today's common platforms—Windows, Macintosh, AS/400, Linux and UNIX—ensures seamless integration in virtually any environment.
- PDF Direct Print lets you send PDF files directly to a printer without even opening the application, reducing network traffic and raising productivity. Ideal for printing scanned PDFs.

## Manage Documents with Confidence

Leverage the power of the Ricoh Aficio MP 3500/MP 4500 Series Document Server as a virtual document library for archival and print on-demand applications. Retrieved documents can be reprinted, refaxed, rescanned or downloaded to your computer for editing.

## Rein In Expenses and Speed Communications with Innovative Fax Technology

With a wide range of advanced fax communication features available, the Ricoh Aficio MP 3500/MP 4500 Series offers busy workgroups walk-up and desktop faxing convenience and economy.

- Quickly deliver e-mail or hard copy via Internet Fax and IP Fax, functions that decrease operating costs by eliminating long-distance charges.
- Efficiently send electronic documents to a remote fax machine via LAN Fax, conveniently from your PC.
- The Ricoh Aficio MP 3500/MP 4500 Series provides traditional walk-up faxing via the high-speed 33.6 Kbps modem with standard JBIG compression. For maximum send/receive throughput, add up to two additional fax lines.
- Forward faxes directly to e-mail, hard disk or folder, ensuring that documents are properly routed.

RPCS is an easy-to-use, icon-based print driver that enables you to apply and save special settings, including duplexing and finishing, for one-click job processing.

Scan-to-URL improves information sharing in your organization, while minimizing network traffic.

Files can be password protected and held in memory until released by the owner for increased security. You can even print and delete multiple documents in a single operation.

## Install, Manage and Monitor with Ease

**Ricoh's comprehensive suite of utilities smooths daily system monitoring and simplifies installation.**

- Web Image Monitor enables you to set output parameters, check the status of toner and paper, and even reset the system from your desktop—all from your Web browser.
- On-demand Status E-mail Notification enables IT to remotely query the device for important system reports.
- With Auto E-mail Notification, the Ricoh Aficio MP 3500/MP 4500 Series sends a report to a designated e-mail address if, for instance, paper is low or out, to maximize uptime.

## Safeguard Network and Information Assets

**The Ricoh Aficio MP 3500/MP 4500 Series advanced security solutions help safeguard your network and the information it carries at all stages—input, management and output.**

- Use Windows/LDAP Authentication with your existing network login infrastructure to ensure that only those with a valid user name and password can access system functions.
- Deter photocopying of confidential documents with Unauthorized Copy Control, a requirement for any office responsible for creating and distributing restricted information.
- Protect temporary data stored on the hard drive with the Ricoh DataOverwriteSecurity System. Latent copy, print, scan, fax or Document Server file data is overwritten, making any effort to access and reconstruct residual data virtually impossible.
- With the Ricoh Removable Hard Drive, the Ricoh Aficio MP 3500/MP 4500 Series' hard drive can be removed and stored in a secure location.

## Anytime, Anywhere Document Retrieval

The Ricoh DocumentMall™ is powerful document management software that is delivered as an on-demand service over the Internet. Seamless integration with the Ricoh Aficio MP 3500/MP 4500 Series allows you to upload scanned documents directly to DocumentMall™ and store critical documents in one secure location; manage documents online from the convenience of a PC; share documents with anyone at anytime; and protect documents with state-of-the-art security and facilities. DocumentMall™ addresses a wide range of document management needs—from simple document archiving and disaster readiness, to global sharing and collaboration.

## Open Architecture

The Ricoh Embedded Software Architecture—an innovative Java (J2ME)-compatible software development platform—allows third-party development of key applications that run on the Ricoh Aficio MP 3500/MP 4500 Series, dramatically enhancing your organization's workflow. The Ricoh Aficio MP 3500/MP 4500 Series can easily be customized to meet your needs by controlling features such as the operation panel, printing, saving files and scanning.

## Your Environmental Partner

**Ricoh continues its long-standing commitment to developing office solutions with environmentally-friendly and superior energy- and supply-saving features, without compromising productivity, including:**

- Quick Start-Up (QSU) Technology
- Power-saving Sleep Mode
- Duplex and Combine Copy Modes
- Internal Toner Recycling Mechanism
- Low Noise Levels
- Minimal Ozone Emissions
- RoHS (Restriction of Hazardous Substances) Compliant
